

NCAE-Mentoring

for National Board Certification Candidates

Candidates for National Board Certification that are members of NCAE have another tool in the toolbox! NCAE is offering our *E-mentoring* program for candidates to connect with NBCTs in their certificate areas. Candidates will be paired with an NBCT who will support them from the time of registration in the program until after the Assessment Center experience is complete. Registration is on an annual basis, and opens October 1 each year. (The year would thus run October 1 – June 30.)

Participants should expect to communicate with their E-mentor **no less** than *twice per month* (but not more than eight times per month). Candidates can use the support of their E-mentor to ask questions, bounce off ideas, and to read written products for feedback.

To be connected to an E-mentor, simply fill out the form at the bottom, and return to Elic Senter, NCAE Center for Teaching and Learning, 700 S. Salisbury St., Raleigh, NC 27601, along with the registration fee of \$50 for the year. E-mentors are *guaranteed* to be in your certificate area, and ensures support for the process *regardless* of your location!

Questions? Contact Elic Senter at 1-800-662-7924 x227 or elic.senter@ncae.org!
